

# LINGEVITCH

2011 finds us sending our first born daughter, Rachel, off to college in the fall. She will be attending Greenville Tech to pursue a degree as a Dental Hygienist. Rachel finished off her five years with the Lady Eagles by receiving the Best Defense Award for the Eagle's Varsity Girls Team and an All-Tournament award at NABA in Tennessee. Where the Upstate Lady Eagles took first place in the 2A Division. Recently she has started to volunteer with H.A.R.T.E.R. Rebekah has finished her sophomore year as well as her fourth year with the Upstate Eagles. When she is not doing school or participating in school, she enjoys photography and spending time with her friends. Ruth has completed the 7th grade, dances at Emmanuel Arts, where she gracefully flourishes, and she enjoys singing with the Branches Choir. We will find our household full of teenage girls in August as Ruth joins the ranks alongside her sisters. We found our family at Hope Point Community Church this year where we are thankful for receiving solid teaching and meaningful worship. We are enjoying meeting fellow believers and participating with a small group. Our girls our part of their youth group.

Each year we realize how truly blessed we are to have one another, to live here in South Carolina, and to receive the Lord's mercies which are new every morning. GREAT IS HIS

FAITHFULNESS AND HIS  
MERCY TO BE PRAISED

For the Glory of the King,  
Dan and Kathy Lingerich

# LOUGH

Adam, Wendy and Elisabeth Lough have ben homeschooling for 3 years.

Elisabeth is 12 years old and in the 6th grade. She participates in H.T.S. co-op, ballet at Emanuel Arts, Branches Choir, G.A.'s and Aranas at Boiling Springs First Baptist Church. She enjoys camping, art and taking care of her 4 dogs. Spreading the gospel is important to her heart, and she is already praying about where God would lead her for a mission's trip. It has been such a blessing to homeschool. God has truly been faithful to our family and we keep trusting Him for our future. Proverbs 3: 5-6

# MANN

*We are Loris and Roxanne Mann. We are richly blessed to have 10 children and have enjoyed homeschooling since 1997! Nick is a student in the nursing program at UOSU Upstate. With his clinical and class schedule, he basically has no other life outside of college right now! Katelyn moved back to SC, where she is enrolled at a cosmetology college. Even though Katelyn misses her siblings and family greatly, she loves school and living in Louisville. Marisa is a great student in Challenge 8 at SC. She enjoys reading, journaling, blogging and being with her friends. Lucas is great at making Lego Star Wars stop-motion films! He also enjoys Legos, his personal Lego collection and working in his studio. Patrick is a great writer and enjoys Netflix, building Legos and playing on the computer. Quentin is our "warrior" and can handle any light saber, sword or bow & arrow, but he likes Legos too! Jax loves learning and enjoys playing the Wii, building Legos and playing with his brothers. Rowan enjoys trying to keep with his siblings, playing outside, Legos and computer games. Delah thinks she is the princess and enjoys being a ballerina, Barney, Dora and the Backyardigans. Thiessen stays on-the-go and enjoys everything! He has a wonderful personality and is being spoiled. We continue to be a part of Classical Conversations of Spartanburg and are amazed at the amount of information we have learned! As a family, our newest adventure is "camping" in our 43 ft Fifth Wheel Toy Hauler. We usually travel at least twice each month and look forward to heading north for a few weeks this summer.*
