To Whom It May Concern:

Upstate Christian Homeschoolers Support Group serves 275+ homeschooling families in Spartanburg, Greenville, Cherokee & Polk Counties. In addition to academic and social activities for homeschooled students, we also publish an annual yearbook for our students. UCH operates solely as a support group and there are no monies exchanged for any memberships or services.

In 2010-2011, our yearbooks reached an all-time high! We featured approximately 100 Upstate families and our staff submitted 260 full-color pages and designed our own hard-back cover. This is extraordinary considering when we published our first yearbook six years ago we were extremely proud of our 50 page 20 family publication!

As you can imagine publishing yearbooks is an expensive undertaking. Homeschooled students do not have the luxury of federal and state monies to underwrite such a large undertaking. We rely solely on our sponsors and yearbook sales. In order to keep our annuals affordable for our families, we ask local businesses to advertise with us. The homeschool community gladly supports the businesses & organizations that help us keep our production costs down.

Please see our attached flyer and consider sponsoring an ad with us. In addition to your yearbook ad, your contact info will also be listed on both our private homeschool email loop and our public website as a business that supports homeschooling families and you will be listed on our UCH website as a business sponsor as well. Your investment in these students, will indeed, last a lifetime!

Thank you for your consideration!
